

Initial Set Up

- Python 3.8 or higher is required
- If you haven't done already, download and install Anaconda Python 3.8+ latest for your operating system here:
- <https://www.anaconda.com/distribution>
- After anaconda installation, please make sure you have the following packages installed via terminal or command prompt :
 - pip install numpy
 - pip install pandas
 - pip install scikit-learn
- Then, go to bit.ly/2LRY1wT for workshop materials
