- Google Chrome is recommended to follow along with this tutorial
- Python 3.6 or higher is required
- If you haven't done already, download and install Anaconda Python 3.7 Version at:
- https://www.anaconda.com/distribution

- Also, please make sure you have the following packages installed via terminal:
  - pip install numpy
  - pip install pandas
  - pip install scikit-learn

- ## Then, go to bit.ly/2LRY1wT for workshop materials
